The world's most secure printing[1]

Only HP Enterprise devices repair themselves from attacks in real time while offering outstanding manageability. Automatically monitor threats, detect intrusions, and validate operating software while centrally managing your fleet with ease.

Always on guard

Only HP Enterprise devices offer built-in security features that are always on guard.[1]

- With HP Sure Start, each device regularly checks its operating code and repairs itself from attempted hacks.
- Whitelisting checks firmware during startup to help ensure it's authentic, good code—digitally signed by HP.
- Run-time intrusion detection continually monitors activity to detect and stop attacks, then automatically reboots.
- HP Connection Inspector inspects outgoing network connections to stop suspicious requests like malware.

Thwart potential attacks by receiving instant notification of security issues. These devices work with leading Security Information and Event Management (SIEM) tools like Splunk, ArcSight, McAfee, and SIEMonster.

Take security to the next level

Help protect your device with more than 150/250 (printer/MFP) embedded security features.[3] Protect information on the device and in transit over the network. Store data on the 256-bit encrypted HP High-Performance Secure Hard Disk.[4]

Add features such as card readers[5] and more through the Hardware Integration Pocket.[6] Equip your printer to store and protect larger files with the optional 1 GB memory upgrade. Further safeguard data stored on the printer—keys, passwords, certificates, and more—using the optional HP Trusted Platform Module.[7]

Easily develop, deploy, and integrate over 180 HP and third-party solutions with the HP Open Extensibility Platform. Optional HP Access Control solutions can help you reinforce security, while helping to reduce costs.

Centralise control to help build business efficiency

Centralise control of your printing environment with HP Web Jetadmin—and help build business efficiency.[8] Optional HP JetAdvantage Security Manager offers an effective, policy-based approach to help secure HP printing and imaging devices.[9] Easily set security configuration policies and automatically validate settings for every HP printer and MFP in your fleet.

HP JetAdvantage Secure Print[10] and HP Access Control (HPAC) help secure documents by requiring authentication to release print jobs. In addition, extend capabilities and easily customise with HPAC—integrate job accounting, manage rights, and establish quotas for things such as colour use.[11] Save IT time and make printing easy for the entire enterprise by using a single driver for all HP devices.[12]

Maximum productivity.
High-speed performance.

Get the job done with a device equipped for high-speed performance. Be confident that your employees can speed through tasks without interruption.
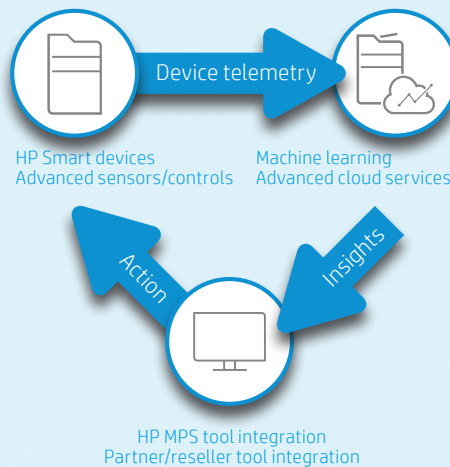

Keep business moving

Breeze through tasks—this device prints your first page from ready and sleep mode as fast as 5.1 and 7.9 seconds, respectively.[13,14] Print up to 61 pages per minute (ppm), simplex[15] (E60165dn, MFP E62665hs, and Flow MFP E62665h/zmodels)—with up to 85% duplex efficiency.

61 ppm[15]

Accelerate workflow with single-pass, two-sided scanning up to 111 images per minute (ipm) (MFP E62655dn and MFP E62665hs models) and up to 167 ipm (Flow MFP models).[16]

Maximise uptime

HP Smart Device Services (SDS) help keep business moving by avoiding lapses in productivity. Reduce time spent calling and waiting, with technology that allows your service provider to quickly pinpoint issues before they become a problem. Remote diagnostic tools help provide faster, more efficient fixes. Simple issues can be resolved remotely, and service calls go faster when techs know exactly what they need for the right fix.

Insights

HP MPS tool integration
Partner/reseller tool integration

HP devices communicate their health and call your service provider for help when they need it. Empower advanced analytics with smart sensors, event logs, device telemetry, and access for remote configurations and adjustments that let your service provider know how devices are working.

Loaded for productivity

Spend less time loading paper with a 4,400-sheet (E60100 series) or a 3,750-sheet (MFP E62600 series) maximum input capacity.[17] Empower employees with additional paper-handling accessories (see pages 7 and 10).[18] Optional 550-sheet input trays fit a whole ream of paper and support media sizes up to 216 x 356 mm.

Equip employees to breeze through tasks with an adjustable touchscreen control panel—available on select models. (For more information, see Appendix A on page 21.) The 5-bin stapler/stacker with job offset allows you to set up each bin for a different department or option, such as face down, fax,[19] and copy (select models). An easy-access USB port on all models allows users to easily walk up and print.[20]

Powerful printing. Energy smart.[2]

Get exceptional print quality and help protect your device, using Original HP Toner cartridges with JetIntelligence.

Exceptional print quality

Count on the advantages of Original HP Toner cartridges—performance, high quality, and dependability. Precision black toner is engineered to deliver consistent placement of toner particles and produce sharp text, bold blacks, and crisp graphics.

Print uninterrupted with HP Black Managed LaserJet Toner cartridges (YC/MC: 41,000/50,000 pages[21]).

Help protect your investment

Don't put your printer or MFP—or print quality—at risk. Help retain the consistent Original HP quality you paid for with innovative, anti-fraud technology. Enable office-wide adherence to printing policies with cartridge authentication technology.

Ready to work, right away

Speed through print jobs right out of the box. These devices ship with preinstalled, specially designed Original HP LaserJet Toner cartridges with JetIntelligence. Auto seal removal enables simple and seamless cartridge replacement, so you can get back to business fast—without costly delays or frustrating messes.

Give workgroups the speed they need

With the MFP E62600 series, accelerate workflow, improve accuracy, and easily connect people throughout your organisation. Complete high-volume scan jobs fast—up to 167 ipm for Flow MFP models[16]—and avoid extra steps with a device designed for maximum productivity.
Fast, unattended scanning

Turn stacks of paper documents into digital files—scan up to 45,000 pages per month with the Flow models.[22] Load up to 150 pages into the automatic document feeder (ADF) for fast two-sided, single-pass scanning (MFP E62600 series only).[23] Choose Flow models for advanced workflow features such as HP EveryPage and a pull-out keyboard.[24]

Easily scan, copy, and fax

Easily make copies or send faxes using the scanner glass or the ADF (MFP E62600 series only). Scan a variety of media sizes from the ADF—from checks (69 x 147 mm) to banners (216 x 863 mm). Send scanned documents directly to email, network folders, LAN fax addresses,[19] or Microsoft® SharePoint®.

Optional workflow solutions

HP Digital Sending Software leverages existing IT infrastructure and uses a common administrative utility and user interface.

HP Capture and Route is scalable and makes it easy to control, track, and distribute scanned content.

Flow MFP features[24]

- **HP EveryPage** featuring ultrasonic multi-feed detection
- **167 ipm[16]** Faster scan speeds
- **Automatic** page orientation, auto-crop, and auto-tone
- **Pull-out keyboard**
- **Built-in OCR**
- **45,000 pages[22]** Extended-life ADF

Print resolution	FastRes 1200; Up to 1200 x 1200 dpi *(all models)*			
Scanning resolution	Up to 600 dpi *(all models)*			
ADF scan speed (A4/letter)[16]				
Single-sided	Up to 69/75 ppm (black and colour)		Up to 83/90 ppm (black and colour)	
Two-sided	Up to 111/120 ipm (black and colour)		Up to 167/180 ipm (black and colour)	
Features				
Printing	Print preview, duplex printing, print multiple pages per sheet (2, 4, 6, 9, 16), collation, watermarks, store print jobs, easy-access USB			
Scanning	Flatbed scanner, up to 216 x 365 mm (8.5 x 14 in); 150-sheet ADF with two-sided, single-pass scanning; Advanced features: Optimise text/picture, image adjustments, job build, output quality setting, selectable scan resolution 75 to 600 dpi, auto detect colour, edge erase, job notification, blank page suppression, Quick Sets			
			Plus: HP EveryPage with ultrasonic multi-feed detection, Embedded Optical Character Recognition (OCR), auto-orientation, auto-crop-to-page, auto-tone	
Digital sending	Standard: Scan to email, save-to-network folder, save-to-USB drive, send to SharePoint, send to FTP, send to Internet fax,[19] local address book, SMTP over SSL, send to LAN fax,[19] blank page removal, edge erase, auto colour sense, auto crop to content, compact PDF, Quick Sets			
	Optional: via HP Digital Sending Software (HP DSS): send to folder, send-to-workflow, send-to-printer, authentication, digital fax (send to LAN, Internet), OCR, local address book; Optional via HP Embedded Capture: metadata capture and validation, data transfer, scan workflow management			
			Plus: HP EveryPage with ultrasonic multi-feed detection, Embedded Optical Character Recognition (OCR), auto-orientation, auto-crop-to-page, auto-tone	
File formats[49]	PDF, JPEG, TIFF, MTIFF, XPS, PDF/A; Scan to easy-access USB: PDF, JPEG, TIFF, MTIFF, XPS, PDF/A; Print from easy-access USB: PDF, PS, Print Ready files (.prn, .pcl, .cht)			
			Plus: TEXT (OCR), Unicode TEXT (OCR), RTF (OCR), Searchable PDF (OCR), Searchable PDF/A (OCR), HTML (OCR), CSV (OCR); Scan to easy access USB: TEXT (OCR), Unicode TEXT (OCR), RTF (OCR), Searchable PDF (OCR), Searchable PDF/A (OCR), HTML (OCR), CSV (OCR)	
Copying	Auto scale, reduce/enlarge from scanner glass (25 to 400 percent), collate, auto colour detection, two-sided copying, image adjustments (darkness, background cleanup, sharpness); Job build			
Faxing *(optional on all models)*	Fax speed:[50] 33.6 kbps/3 seconds per page (A4/letter), fax forwarding, receive fax polling, broadcasting to up to 210 locations, speed dial up to 1000 numbers, each with 210 destinations, auto-fax reduction, auto-redialing, stored faxes, fax archiving, scale-to-fit, fax address book, LAN/Internet fax, fax number confirmation, holiday fax schedule			
	Fax resolution: Standard 203 x 98 dpi, fine 203 x 196 dpi, superfine 300 x 300 dpi, best up to 300 x 300 dpi (400 x 400 dpi for received faxes only); 256 levels of grey

Appendix A: Control panel features

Upgrade to a modern interface

The HP LaserJet Managed E60100 and MFP E62600 series are powered by HP FutureSmart 4 firmware. Its modern, user-friendly interface keeps things simple and intuitive across your fleet of Enterprise devices. A scalable control panel interface improves future extensibility and allows for customisation, along with a robust set of new apps and usability features. You can even customise with your own wallpaper image and company logo. The new Message Center, with more detailed information and helpful animations, makes it easy to address device events. The simplified home screen displays just a few core apps by default. Additional apps are easily accessed by swiping right to left, like with a smartphone or tablet.

To access additional apps on the new printer user interface, simply swipe right to left

Edit jobs right at the MFP

The control panel on the MFP E62600 series features an enhanced image preview—now for both copies and scans. Right from the MFP's 20.3 cm colour touchscreen control panel, you can easily preview and edit scans before sending them. You can apply changes (like rotating) to a single page, or to multiple pages at once. Batch separation allows users to create separate PDF or PDF/A files from scanned pages. Flow models can also create PDF OCR and PDF/A OCR files.

Use Quick Sets to launch automated workflows

The digital sending capability on the MFP E62600 series models allows users to route documents to a variety of destinations like email recipients, network folders, fax,[19] FTP, a USB device, or Microsoft SharePoint.

Quick Sets automate all of the steps of a complicated workflow and provide easy access to the configurations you use most, such as page size, resolution, and file format. You can also specify security settings, such as encrypted PDFs to be delivered through encrypted and signed emails.

Help users find what they need by moving individual Quick Sets to any screen or folder using the home screen customisation feature. With Quick Sets, IT can promote or block access to certain device features. Calls to the helpdesk can be reduced when users have everything they need and are restricted from accessing settings they shouldn't tamper with.

Troubleshoot with ease

The HP LaserJet Managed E60100 and MFP E62600 series can help save your IT department valuable time when it comes to troubleshooting problems. The Remote Control Panel allows users to operate the user interface remotely, so IT can troubleshoot problems without running to the printer or MFP.[52] Users can also quickly troubleshoot technical issues with HP's innovative, cloud-based Online Help services that are relevant and up to date. Easily solve problems from your PC or mobile device. A Quick Response (QR) code on the touchscreen links to Online Help using smart phones and tablets.[53] You can also find these links in the HP Embedded Web Server event log.
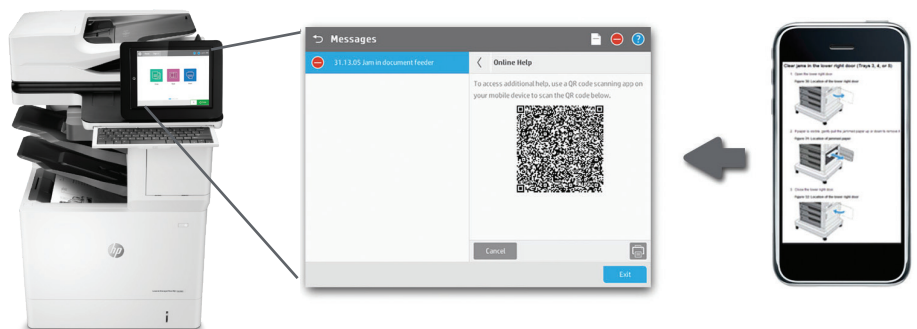

[1] Based on HP review of 2018 published security features of competitive in-class printers. Only HP offers a combination of security features that can monitor to detect and automatically stop an attack then self-validate software integrity in a reboot. [2] Based on the reduced energy use of HP LaserJet printers and cartridges with JetIntelligence introduced since 2015 compared to previous toner versions without JetIntelligence, using ENERGY STAR® methodology.

[3] Some features require additional purchase. A FutureSmart service pack update may be required to activate security features. Learn more at hp.com/go/printsecurity.

[4] The HP High-Performance Secure Hard Disk is standard on the HP LaserJet Managed MFP E62665hs and Flow MFP models; it can be added as an optional accessory to all E60100 models and the MFP E62655dn model.

[5] HP Proximity Card Reader (CZ208A) is available for separate purchase for select HP devices with Hardware Integration Pocket (HIP) and touchscreen display.

[6] Solutions deployed through the Hardware Integration Pocket (HIP) may require additional purchase.

[7] Use of the optional HP Trusted Platform Module accessory may require a firmware upgrade.

[8] HP Web Jetadmin is available for download at no additional charge at hp.com/go/wja.

[9] HP JetAdvantage Security Manager must be purchased separately. For details, see hp.com/go/securitymanager.

[10] HP JetAdvantage Secure Print works with any network-connected printer or MFP. On-device authentication is available for many HP LaserJet, PageWide, and OfficeJet Pro devices and selected non-HP devices. Some devices may require a firmware upgrade. Internet connection required for cloud storage and retrieval of print jobs. Print-job release from a mobile device requires a network connection and QR code. For more information and a list of supported printers and MFPs, see hp.com/go/JetAdvantageSecurePrint.

[11] Color access control capabilities vary from device to device.

[12] The HP Universal Print Driver is available for download at no additional charge at hp.com/go/upd.

[13] Measured using ISO/IEC 17629. Exact speed varies depending on the system configuration, software application, driver, and document complexity. Learn more at hp.com/go/printerclaims.

[14] Measured after 15 minutes in sleep. Exact speed varies depending on the system configuration, software application, driver, document complexity, and time in sleep.

[15] Measured using ISO/IEC 24734; excludes first set of test documents. For more information, see hp.com/go/printerclaims. Exact speed varies depending on the system configuration, software application, driver, and document complexity.

[16] Scan speed measured from ADF at default 300 dpi (black-and-white, greyscale, and colour). Actual processing speeds may vary depending on scan resolution, network conditions, computer performance, and application software.

[17] Purchase of optional paper trays required to reach maximum input capacity.

[18] Standard and optional paper-handling accessories vary by model. See paper-handling accessories tables, pages 7 and 10, for details.

[19] Fax capability is optional on the HP LaserJet Managed MFP E62600 series and is not available on the HP LaserJet Managed E60100 series.

[20] An administrator must enable the easy-access USB port before use.

[21] Average black declared yields based on ISO/IEC 19752 and continuous printing. Actual yields vary considerably based on images printed and other factors. For details see hp.com/go/learnaboutsupplies. HP Black Managed LaserJet Toner cartridges are not included in printer purchase; purchase separately.

[22] The Recommended Monthly Scan Volume (RMSV) is up to 45,000 for the Flow MFP E62665h and Flow MFP E62665z models and up to 24,000 pages for the MFP E62655dn and MFP E62665hs models. HP recommends that the number of scanned pages per month be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period.

[23] All models of the HP LaserJet Managed MFP E62600 series include a 150-sheet ADF. The ADF can scan media sizes from checks (66 x 147 mm) to banners (216 x 863 mm).

[24] The pull-out keyboard and HP EveryPage are only available on the HP LaserJet Managed Flow MFP E62665h and Flow MFP E62665z models.

[25] Wireless direct printing can be added by purchasing the optional HP Jetdirect 3100w BLE/NFC/Wireless Accessory (3JN69A). Mobile device needs to be connected directly to the signal of a wireless direct supported MFP or printer prior to printing. Depending on mobile device, an app or driver may also be required. For details, see hp.com/go/mobileprinting.

[26] Touch-to-print can be added by purchasing the optional HP Jetdirect 3100w BLE/NFC/Wireless Accessory (3JN69A). Mobile device must support Near Field Communication (NFC)-enabled printing. For more information, see hp.com/go/businessmobileprinting.

[27] Bluetooth® Low Energy is optional with the addition of the HP Jetdirect 3100w BLE/NFC/Wireless Accessory (3JN69A). Bluetooth is a trademark owned by its proprietor and used by HP Inc. under licence.

[28] Wireless networking can be added with purchase of the optional HP Jetdirect 2900nw Print Server (J8031A). Wireless performance is dependent on physical environment and distance from access point, and may be limited during active VPN connections.
