Letter of Confirmation

Dear Sir / Madam,

This Letter serves to confirm the following:

Xerox Altalink C8145 are newly manufactured model and it is based on the LED print engine and supports printing from and scan to PC with Windows 10 / 8.1 / 8 / 7 / Vista (32 / 64BIT).

This MFP has remote device management functionality, which supports possibility to connect to the device control panel in real time remotely from any workstation using the web interface and perform the following actions:

- see device functions (copying, scanning, printing, configuration);
- have ability to assist users with settings for day-to-day functions;
- use that feature to organize staff training, demonstrating functionality of the device;
- monitor device status and message codes.

Xerox Altalink C8145 has scanning feature to mail box using device HDD.

Sincerely Yours,

A. NOZDRYN
